

# Liberty

## Why?

Developed as an alternative to full ADA compliant restrooms, the Liberty is a spacious, wheelchair-accessible restroom that can also be promoted as a family-sized restroom. It has a patented flat-floor system for easy wheelchair access and maneuverability. The handrails and paper holder, together with the rotary latch, are designed and manufactured for simple end-user operation.

Operators have the distinct advantage of owning a restroom made from high molecular weight polyethylene that is durable and vandal-resistance. The entire door frame, which is made of a vacuum-formed twin sheet, is able to withstand hard hits and endless pounding without bending or buckling like metal frames. The patented flat-floor system, combined with the strength of the side walls and capped roof, forms a sleek, modern restroom that retains its shape over the life of the product.

## Add-On Features

In need of a family room or baby changing station? Convert your Liberty into more than just a restroom with just a few add-ons.

You can add up-to three shelves, three coat hooks, a 12"x33" mirror and the Pro-22 sink. If you are looking to accommodate mothers and fathers with newborns? Add the baby changing station, waste basket and Pro-22 sink. Mix and match these add-ons to create the restroom your customers need!
